This policy should be read in conjunction with the following policies:

Positive Behaviour Management Policy
Equalities Policies

Acceptable Use of ICT

Our commitment as a school

The success of Hanley Castle High School has been built on courtesy, kindness and mutual respect. We are committed to providing a caring, friendly and safe environment for all of our pupils so they can learn in a supportive and secure atmosphere.

Bullying of any kind is therefore unacceptable at our school. If bullying does occur, all pupils should be able to tell and know that incidents will be dealt with promptly and effectively.

We are a TELLING school. This means that anyone who knows that bullying is happening is expected to tell the staff.

1. Objectives of this Policy

- Bullying will not be tolerated.
- All governors, teaching and non-teaching staff, pupils and parents should have an understanding of what bullying is.
- All governors, teaching and non-teaching staff should know what the school policy is on bullying, and follow it when bullying is reported.
- All pupils and parents should know what the school policy is on bullying, and what they should do if bullying arises.
- As a school we take bullying seriously. Pupils and parents should be assured that they will be supported when bullying is reported.

2. What Is Bullying?

Bullying is when a person deliberately tries to exert power over another person, resulting in them feeling hurt, intimidated or distressed. Usually, it is a pattern of behaviour rather than an isolated incident.

It is also a form of discrimination where people are treated differently because of a perceived difference or prejudice. These perceived differences can include race, educational achievement, height, weight, gender, sexuality, accent or name.

Bullying differs from a falling out amongst friends. Of course this is sad, but differs from bullying because bullying is usually sustained, part of a pattern, and is deliberately designed to hurt and humiliate the victim. It is not a one off argument or fight.

Types of bullying include:

- Emotional - being unfriendly, excluding, tormenting (e.g. hiding books, threatening gestures)
- Physical - pushing, kicking, hitting, punching or any use of violence
- Racist - racial taunts, graffiti, gestures
- Sexual - unwanted physical contact or sexually abusive comments
- Homophobic - because of, or focussing on the issue of sexuality
- Verbal - name-calling, sarcasm, spreading rumours, teasing
- Cyber – misuse of any technology such as the internet , mobile phones, social networking sites to hurt, intimidate or abuse

It should be noted that the school has the statutory power to discipline students for any misbehaviour, including bullying, during a school-organised or school-related activity. This includes misbehaviour in proximity to the school site and during the journey to or from school, while they are wearing school uniform or are in some other way identifiable as a member of the school.

In addition, it can punish misbehaviour, including bullying, in other circumstances if it has repercussions for the orderly running of the school, poses a threat to another student or member of the public or could adversely affect the reputation of the school.

3. Why it is Important to Respond to Bullying

Bullying hurts and no one deserves to be a victim of bullying. Everybody has the right to be treated with respect. Pupils who are bullying need to learn different ways of behaving. Schools, and every member of the school community, have a duty to respond promptly and effectively to issues of bullying.

Signs and Symptoms

A child may indicate by signs or behaviour that he or she is being bullied. Adults should be aware of these possible signs and that they should investigate if a child:

- If the incident is serious, or forms part of a more serious pattern, the tutor should refer the incident to the Head of Key Stage.
- As laid out in the Positive Behaviour Management Policy (3.11) the Head of Key Stage will decide whether the incident should be handled at tutor level, Key Stage level or passed to the leadership team.
- The Head of Key Stage will generally be responsible for investigating the incident(s) as fully as possible, although other members of staff may be involved if appropriate.
