

Welcome to

epraise

At Hanley Castle, we use Epraise for the following:

- to **award points** as a reward and recognition of good work, support of others, great contributions, service to the school and more.
- to publicise and for students to sign up to **extra-curricular activities**.
- to set **homework** and as a tool to support students to plan their independent work.
- to track **attendance** and **demerits**.
- as a quick **message** service.

As a parent, you have access to all of this information about your children.

When you log on, you should be able to click on ME and see an overview of the information that school holds for you.

This page should also link to any children you have who attend Hanley Castle.

Please get in touch if this information is incorrect or incomplete.

By clicking on SHOW PROFILE of each of your children, you are able to see reward points, milestones, achievements as well as a break down of what the points have been awarded for and in which subjects.

Further information can be reached by selecting other sections of the profile from the toolbar (pictured above) e.g. **attendance** tracker and **timetable**.

Classnotes are homework tasks and allow you to see in detail what has been set.

Demerits and **interventions** will show sanctions that have been applied.

The planner icon (top right of your screen) is really useful to help you support with children planning homework.

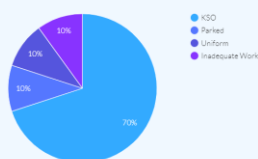

You can look together at set dates, due dates and see completed work in a weekly view.

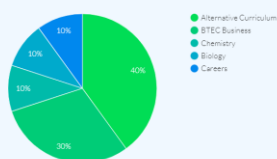

If you'd like to help us to encourage extra-curricular participation, do have a look at what's on offer in **COMMUNITY** and **Activities**. All clubs and some trips are advertised here in alphabetical (not chronological) order.

New for 2023-24 will be the chance for you to see any demerits issued to your child.

If you are using the app, you can set up push notifications to receive a message immediately a demerit has been issued.

Finally, do keep an eye on the **MESSAGE** icon and encourage children to do the same. This is a quick and easy way for teachers to communicate with parents and students without clogging up homework planners and inboxes.
